580-564-6001

Guest Speaker  
**Margaret Miller**

Margaret has been in the medical field for 25 years. She is a Pharmacist and has a passion for helping the elderly. She decided to start selling Medicare Insurance to ensure that patients knew all of their choices and had a local agent who could help walk them through the process of turning 65 and finding a Medicare plan for them. She has years of experience with insurance and knows how it operates at the provider end as well as the consumer side.
